RE: **DOCKET NO. F-2009** – Connecticut Siting Council Review of the Ten-Year Forecast of Connecticut Electric Loads and Resources

Dear Mr. Coretto:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than July 6, 2009. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 20 copies to this office. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. A list of parties and intervenors is enclosed. Fewer copies of bulk material may be provided as appropriate.

Yours very truly,

S. Derek Phelps
Executive Director

SDP/MP

c: Council Members
Parties and Intervenors
Bruce L. McDermott, Esq., Wiggin & Dana LLP
Linda L. Randell, Senior VP, General Counsel and Corporate Secretary, UIL Holdings Corp.

Docket F-2009
UI Pre-Hearing Interrogatories
Set Two

1. Are any substation upgrades associated with the Naugatuck Valley Reliability Improvement Project being contemplated? If yes, specify which substations would likely be upgraded as part of the project?
2. The normal weather scenario in Exhibit 2 of The United Illuminating Company's (UI) 2009 Forecast excludes conservation and load management, distributed generation and potential new large customer planned loads. The normal weather forecast in Exhibit 1 includes such measures. However, the difference between the two forecasts does not appear to coincide with the load reductions specified in a table in UI's response to The Connecticut Siting Council's to interrogatory question eight, set one. Reconcile the difference between the forecasts in terms of the load reductions specified.
